Essentials of Harassment and Bullying

Harassment and bullying can occur at any level of any workplace, and often goes unreported and undetected. The *Essentials of Harassment and Bullying* online compliance training is designed to educate staff at all levels of an organisation about what behaviours constitute harassment and bullying, their devastating impacts at work, and how problems can be prevented. The training also provides suggestions on what staff can do if they become aware of or involved in harassment or bullying. This training will be invaluable in promoting a safe, motivated and productive workplace.

Course structure and delivery

This course is delivered online at the learner's own pace and takes about 25 minutes to complete, though it can be completed over multiple sessions. At the conclusion of the training, learners will undertake a brief quiz which must be passed to complete the course.

Built-in course features

All MCQ International courses are designed to operate on a wide variety of devices, including computers, iPads, tablets and mobile phones.
